

The figure displays a large-scale heatmap visualization, likely representing a complex dataset or a high-dimensional feature space. The visualization is characterized by a dense grid of data points, with colors ranging from dark blue (low values) to bright yellow (high values). The heatmap is divided into several distinct regions, including a large blue area on the left, a central yellow region, and a large red area on the right. The overall pattern suggests a complex, multi-modal distribution of data.
